Ask us about support for

- transport
- teacher supervision

This program is a Geelong Region LLEN and Skilling the Bay partnership. The Health & Community Services Program is supported by the Victorian Government.

What past participants said about the program

'I learnt that there are many different fields to radiology, including general, x-ray, nuclear medicine and ultrasound.'

'There are many different aptitudes needed for jobs in health and community services. If you don't do a specific VCE subjects, there are still paths you can take including using life skills.'
